## FCC Compliance Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) This device must accept any interference received, including interference that may cause undesired operation. This equipment has been tested and complies with the Class B digital device limits, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used according to the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference cannot occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by taking one of the following actions:

1. Reorient or relocate the receiving antenna.
2. Increase the separation between the equipment and the receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Contact the dealer or an experienced radio/TV technician for help.

## FCC Caution

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment. RF Modules installed in this product must not be co-located or operating in conjunction with any other antenna or transmitters, except when installed in accordance with FCC multi-transmitter product guidelines.

## FCC Radiation Exposure Statement

This equipment complies with FCC radiation exposure limits set forth for uncontrolled environments. This equipment must be installed and operated with a minimum distance of 21cm between the radiator/antennas and the general public

This device complies with CE compliance Class B.

## CE Marking

The equipment described in this document faithfully complies with: European Union Radio Equipment Directive (RED) 2014/53/EU. The Declaration of Conformity is provided to customers with other technical documents upon request and is accessible from <https://www.qnap.com/en/contact-us/> to authorized users. Radiation exposure statement This equipment complies with radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 21 cm between the radiator and your body. For operation within 5.15 ~ 5.35GHz frequency range, it is restricted to indoor environment.

The equipment is stationary, and fixed to be using in conjunction with the termination of end user terminal

Hereby, QNAP Systems, Inc. declares that the radio equipment type QMiro-201W/QMiroPlus-201W is in compliance with Directive 2014/53/EU. The full text of the EU declaration of conformity is available at the following internet address: <https://www.qnap.com>

声明 此为 B 级产品。在生活环境下，它可能带来无线电干扰。如果此类情况发生，用户必须采取必要措施。此产品只用于室内。

消费者若使用电源适配器供电，则应购买配套使用满足相应全标准要求电源适配器或者是获得 CCC 认证的电源适配器

## ISED Compliance Statement

Note: Industry Canada has been renamed Innovation, Science, and Economic Development Canada (ISED) following the issue of RSP-100 Issue 11 and DC-01 Issue 06. Equipment certifications previously issued by Industry Canada remain valid and do not require updating. Meaning you may see the names used interchangeably in documentation. The following statement is applicable to ASiR-pRRH which has Innovation, Science and Economic Development (ISED) approval: This device complies with ICES-003 of Industry Canada's license-exempt RSSs. Operation is subject to the following two conditions

1. This device may not cause interference.
2. This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme à la norme ICES-003 du CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

1. L'appareil ne doit pas produire de brouillage.
2. L'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

## Radiation Exposure Statement

This product complies with IC radiation exposure limits set forth for an uncontrolled environment. To comply with RSS 102 RF exposure compliance requirements, a separation distance of at least 21 cm must be maintained between the antenna of this device and all persons.

The device for the band 5150-5350 MHz is only for indoor usage to reduce potential for harmful interference to co-channel mobile satellite systems.

## Déclaration d'exposition aux radiations

Produits sont conformes aux limites IC d'exposition aux rayonnements définies pour un environnement non contrôlé. Produits doivent être installés et utilisés avec distance minimum de 21cm entre le radiateur et votre corps.

Les dispositifs fonctionnant dans la bande 5150-5250 MHz sont réservés uniquement pour une utilisation à l'intérieur afin de réduire les risques de brouillage préjudiciable aux systèmes de satellites mobiles utilisant les mêmes canaux.

※ 付属の電源コードは当該製品専用です。他の機器に使用しないでください。

According to the requirement of the WEEE legislation the following user information is provided to customers for all branded QNAP Electronics products subject to the WEEE directive.

This symbol on the product or on its packaging indicates that this product must not be disposed of with your other household waste. Instead, it is your responsibility to dispose of your waste equipment by handing it over to a designated collection point for the recycling of waste electrical and electronic equipment. The separate collection and recycling of your waste equipment at the time of disposal will help to conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment. For more information about where you can drop off your waste equipment for recycling, please contact your local city office, your household waste disposal service or the shop where you purchased the product.

## RED 2014/53/EU Article 10 Compliance

RED 2014/53/EU requires that for products which could potentially have an issue with a non-harmonized frequency in a specific EU country, the product documentation must list the restrictions, and the packaging must carry a label reflecting that country's code.
